

**DATA TROUBLES?**

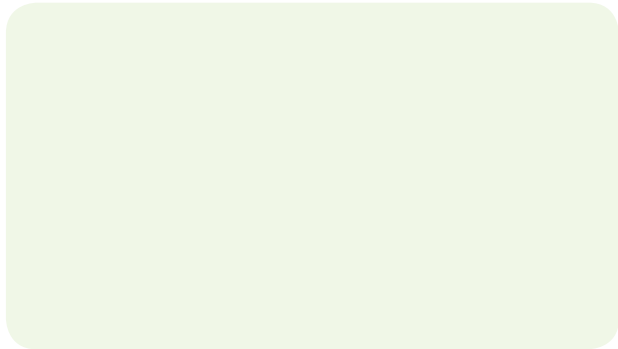

® Hewlett-Packard Company  
P.O. Box 6100  
Holliston, MA 01746-6100

Backup, archive, and guarantee  
continuity with superhero data solutions  
for government operations.

Morbi ligula lacus empus sed ultricies id  
augue tortor mattis augue eu congue.

Time for some data security heroics.

# HP Storage Works LTO-4 Ultrium 1840

Meet even the tightest backup window and go home on time tonight

- Fourth generation LTO drive stores up to 1.6TB per cartridge
- Unprecedented performance, with transfer rates up to 240MB/sec
- Rated to last 30+ years and endure 20,000+ swaps
- 256bit hardware-based encryption ensures optimal security

SEWP price starting at  
**\$00,000.00**

Part No. CB414A#201

Put a backup superhero  
in your corner

# HP Enterprise Modular Library

Streamline operations and free up resources instead of putting out fires

- Robust data protection in SAN environments
- Protects against event disruptions with built-in HP StorageWorks Extended Tape Library Architecture
- Enterprise-class EML expands capacity
- Efficient bar code labeling eliminates human error

SEWP price starting at  
**\$00,000.00**

Part No. CB414A#201

Time to bring in the big boys

# HP Enterprise System Library

Tie it all together for seamless, secure management and retrieval

- Reads existing LTO 2 & 3 tapes (even non-HP)
- Aligns storage operations with retention and destruction policies
- Automates key generation and management for multiple libraries
- E-Series Tape Libraries offer best-in-class drive and cartridge densities
- Protects against SAN event disruptions caused by rogue I/O requests

**\$00,000.00**

Part No. RB356UT#ABA

Get security you can stake  
your career on

# HP Secure Key Manager

Cast the safety net that meets rigorous FIPS 140-2 standards

- Hardened server appliance delivers identity-based access
- Centralized encryption key management solution through SKM
- Integrates the HP StorageWorks LTO-4 Ultrium 1840 tape drive
- Helps you avoid security gaps

SEWP price **\$0,000.00** until XX/XX/XX

Part No. AG655A

## **Maximize ROI.**

The new SEWP IV contract delivers quality HP products at pre-competed and pre-negotiated pricing specifically designed for federal government.

## **Reduce risk.**

HP offers customized warranty offerings, and warranty upgrades like HP Care Pack to accommodate the special product service needs of federal government.

## **Ordering ease.**

HP offers a quick and easy decentralized ordering process with personalized pre- and post-customer sales support and order tracking.

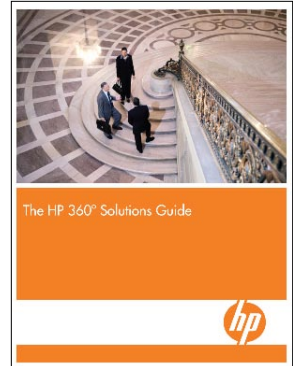

# Even the savings are larger than life

**Get two free tape drives when you buy the Secure Key Manager and two LTO-4EML or LTO-4ESL tape drives at list price [[www.link](#)]**

Buying other media on the same order? Get a **10% discount** in addition to your Purchase Agreement Discount (PAD+10%)

**Want more details on integration and hardware encryption with SecureKey and LT04?**

Download a free whitepaper and see a demo at [hp.com/go/securekey](http://hp.com/go/securekey)

It's practically a no brainer
